## CERTIFICATES

### HTML & CSS - Certification Course for Beginners

by YouAccel Training, Udemy

### Complete JAVASCRIPT with HTML5,CSS3 from zero to Expert-2021

by Hemanth Kumar, Udemy

## PERSONAL PROJECTS

#### NewsStop - News web application. (10/2021 - Present)

- Created a news fetching web application with fully responsive mobile-view experience.
- Made asynchronous calls to news API and displayed in front-end using Next framework.
- Created a search bar option to display the news from the world using the keywords the user provides in the search input.

#### E-commerce Web-app with MENN-Stack. (06/2021 - Present)

- Made a completely responsive e-commerce store with Next.js and TailwindCSS.
- Provided the product data(JSON) through fakestoreAPI.
- Added complete login and signup functionality using Next-Auth and used MongoDB to store sessions and user data.
- Provided payments functionality using credit and debit cards with integrating Stripe.js.

#### Real-time Chat app with MERN-Stack. (09/2021 - 10/2021)

- Used Node.js as the back-end and Express.js to implement server.
- Used Socket.io to establish connection and create real-time chatting app.
- Made front-end with react and tailwindCSS, used socket.io-client on the front-end to receive requests from the back-end.
- Completely responsive web application.

REDUX

## LANGUAGES

Hindi

*Full Professional Proficiency*

English

*Professional Working Proficiency*

## INTERESTS

Cosmology : I find most of my free time glued over some deep science and space videos on YouTube.

Basketball : Started to play in school and carried the legacy to sports complex in my area with friends.

Gaming : This may be a bit out of place but I play video games as a leisure activity to pass time.
